## Commodore's Comments .....Sjoerd-Jan VanderHorst

*Spring is right around the corner* and SSC is getting prepared. Thank you to all the members who have paid your dues already. If you have not done so, please send in your 2013 dues ASAP. If you have any questions about dues, please feel free to contact me at 440-241-6895.

**Linda Young** - I am sad to report the passing of Linda Young. Linda raced on SKIM and was very active in SSC until her health limited her activities. Even then she enjoyed Race Committee and being at the club. Our condolences go out to her husband, Joe Young, and her family.

**Dredging**- As you are reading this, Shepard Shoreline Construction is busy dredging the marina so we'll all be able to navigate our boats in and out of the basin. The option of dredging was heavily debated due to cost but in the end it was decided to move forward. The dredging will take about 21 days to complete.

The cost of the dredging has put our plans to upgrade the basin's electrical system back a few months but the basin committee will continue to pursue that project. Please note that we'll be posting a few safety rules in next month's Cross Bearings regarding the electrical receptacles. Safety is our number one concern.

**Wednesday nights at the club** have been very busy over the winter. I have received many great comments from members stating that it helps them get through these gloomy months. Thank you to Tim Kyle for opening up the club weekly and giving sailors and friends a place to gather. We have received

several new membership applications from attendees of the Wednesday night social events and hope we continue the trend. If you have any other ideas on how to drive membership, please let us know.

**Parties**- I hope to see you all at the Jr Fundraiser March 9 and St. Patty's Day Party March 16. Also please mark your calendar for our spring work day and general meeting April 27.

**If you have any questions or comments**, please don't hesitate to call me at 440-617-9995 or email at [sjvanderhorst@gmail.com](mailto:sjvanderhorst@gmail.com)

## Vice vice Baby!!.....VC Mike Fishbaugh

**Yearbook** - We're currently assembling the 2013 yearbook. We are looking for pictures of club events and candid photos of our members. If you have any that you would like to see included, please send them to me. Also, as you are completing your 2013 dues statement, please consider being a yearbook patron.

**Spring Work Day** - While it may not feel like spring quite yet, the season will certainly be here soon. Make certain to mark your calendars for our Spring Work Day, which will be held on Saturday, April 27. We are currently reviewing the project list for work day, so if you have any suggestions or ideas on projects we should tackle, please forward that information to me.

**I-LYA Spring Meeting** - Mark your calendars for the 2013 I-LYA Spring Meeting, which will be held at the Westlake Holiday Inn on April 5-6. This meeting will include a new half-day symposium series with various tracks and speakers, including US Sailing President Tom Hubbell. Also, there will be a Marine Services Trade Show on Friday and Saturday. Please come and join us! For more information go to [www.i-lya.org](http://www.i-lya.org).

**For any House and Grounds issues** that need attention, please contact me at [mfishbaugh@pathmaker.net](mailto:mfishbaugh@pathmaker.net).

Members show off their togas!

## **March Rants from the Rear.....RC Pete Grant**

**Greek/Toga Party** - Thanks to all who attended what I'm told is the first ever TOGA party at the sailing club. It was comical to hear the comments about being able to wear a twin sheet while in college and now how people were wearing full or queen size sheets, me included. Congrats to contest winners Judy Muhn - Best Greek Goddess; PC Mike Fleming - Best Greek God; PC Monty Kaufman - Most Original; Commodore Sjoerd VanderHorst - most Nautical. Special thanks to all who helped out including PC Mike and Sue Austin, Melissa Kyle, Comm. Sjoerd and Kathy VanderHorst, VC Mike Fishbaugh and Kara, plus Wendy and Leo Kaufman. Also, thanks to Tim Kyle for mixing up an awesome harry buffalo and Jenny Everson for the great pictures!

We have a busy March and April planned so mark your calendars: **SJRT Spaghetti Dinner/Fundraiser** - Come support our Junior Race Team on March 9 at their annual fundraiser dinner and silent auction. This is a great way to kick-off their season. Reverse raffle tickets are now on sale. (See flier attached)

**St. Patty's Day Party** - March 16 at 6:00 pm hosted by Jay and Beth Austin. Dinner will include Reubens, Irish potato soup, corned beef wrapped green onions, and a Bailey's fudge brownie dessert all for only \$8.00. Come down and celebrate St. Patty's Day SSC style. (See flier attached)

**Weather seminar- \*EARLY REGISTRATION REQUESTED\***  
On April 13 Mark Thornton will present a Marine Weather Seminar to provide attendees with an understanding of basic meteorological principles and explore the conditions favoring the development of severe weather. Graphics and case studies of actual weather events will be used to focus on the interesting and unique forecasting challenges associated with the Great Lakes. Attendees will also develop a basic daily forecasting resource kit based upon readily available government and university websites. The fee for individuals is \$40, couples \$75 and juniors \$25. The seminar runs from 8:00am to 4:30pm and includes lunch. Mark Thornton's website is: <http://www.lakeeriewx.com/Seminars/SSC/SSC.html>. (See flier attached)

**Microbrew/ Swap Meet party**- is scheduled for April 20 with PC John Hartung at the helm. Come enjoy some excellent brews and see if you can find that piece of hardware you've been looking for. (See flier attached)

I can be reached at [pgrant@bex.net](mailto:pgrant@bex.net) or 330-416-2884.

## **Operations .....Tim Kyle**

**Final dock payments are due by March 31.** Please take a moment to send your payment along with the second copy of the contract to avoid the \$25 late fee. At this time, we have 4 - 30'docks and one 26' dock available for permanent assignment and 1- 35'dock available for sublet. If you might be interested in any of these opportunities, please contact me ASAP to make arrangements.

**Dredging has begun!** We are dredging several areas this spring: Between B and C dock, C dock and the Junior Docks, and a wide path through the hump outside our entrance. These areas

will be dredged to 7' (using current low water levels) and will include the slips as well. This project will be completed by April 1 with no disruption to normal activity at the club.

**Dock boards and risers** are maintained by the club, but horizontal batter boards and other custom improvements are the responsibility of each berth holder. If you plan any improvements or custom "tweaks" to your dock this year, please come down early and inspect your dock for any repairs that need to be made (dock boards or loose risers) and report them to me ASAP.

**The next meeting of the Sadler Basin Committee** will be held at 7:00pm on Monday, April 1 at SSC.

**Contact information** - Any questions, comments or concerns relative to the clubhouse or basin operations are welcome. You can contact me at [timmo@sbcglobal.net](mailto:timmo@sbcglobal.net) or call 419-656-5881.

## **Secretary .....Jeff Witter**

**Dues** - Please visit the members area on the SanduskySailing Club.org website where you can pay your dues via credit card and update your membership information.

Members can access the website at any time during the year to update contact information. This will ensure timely mailing of the monthly newsletter by email and US Postal Service. You will receive a printed copy of the Cross Bearings in 2013 unless you have designated to receive an email copy only. This selection can be changed easily from the members area. We hope to minimize return postage and printing costs by asking your help in using the website to update your contact information.

**US Sailing dues** - There have been numerous inquiries and members making payments to the club. We are not accepting payments for USSA dues with the SSC dues. The only way for members to pay their USSA dues and receive the discount is via the SSC website, members section. Members should use their SSC membership number for the username and their ZIP code for their password. Once they have logged in, they can assign a new username and password. Hope this clarifies the missing information.

Questions regarding your membership may be sent to my attention at [secretary@sanduskysailingclub.org](mailto:secretary@sanduskysailingclub.org).

## **From the Treasurer .....Bernie Ashyk/Dave Brink**

Thanks for your generosity to the special funds. And to those who have not paid your dues yet, please do.

## **SSC Building Committee .....Sheryl Hoffman**

We are seeking a few but mighty volunteers to offer their help and expertise on the SSC Building Committee. The committee will meet quarterly to identify, discuss, research solutions and make recommendations as to the future needs of our clubhouse and grounds. If you would like to be involved and help SSC prepare for the future, please contact Sheryl Hoffman 216-501-2156 or [slhoffman@sbcglobal.net](mailto:slhoffman@sbcglobal.net).

## **Sandusky Junior Sailors, Inc.....Jay Austin**

As the average temps go up, the excitement is building for another season of Learn to Sail at the junior barn. The registration website has been updated and our 2013 schedule is posted. We will be offering even more lessons this summer than in the past, and with seven different weeks to choose from, I am certain at least one will fit into your busy summer schedule. Are the kids and grandchildren itching to be done with school? Bring them down to the club this summer. Our Learn to Sail staff will teach beginners and advanced sailors alike.

**Are you looking for adult lessons** on one of our keelboats? The program is shaping up to be another success as well, so if you are interested in Sunday lessons or group sailing, contact me at [jaustin6@kent.edu](mailto:jaustin6@kent.edu). As always, get the most up-to-date information on our website at [www.sanduskysailingclub.org](http://www.sanduskysailingclub.org)

**Head Coach Sam Patterson** - On behalf of Learn to Sail and the Junior Race Team, we would like to welcome Sam Patterson on board as our head coach and Learn to Sail Instructor. Sam hails from Hampton, VA and is a member of the University of Virginia's Club Sailing Team. Sam is excited to coach in Sandusky and I hope you will welcome him with open arms!

**Housing** - That being said, we are still looking for housing accommodations for our out-of-towners. If you are interested in donating a room or berth this summer, please email me.

## **WE ARE REQUESTING DONATIONS:**

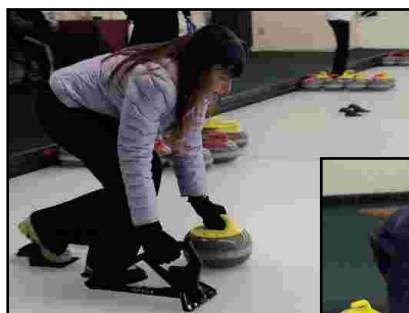

Lastly, SJS and the Race Team are looking for a used powerboat for use in our programs. If you have a small outboard powerboat between 13-18 feet and would like to donate it to our program this summer, our instructors and coaches would appreciate it greatly! With Race Team practices during the day in conjunction with LTS lessons, we need five instructor boats, meaning that we are currently one short. Also, any club member that lives in Sandusky that would like to open their home to a visiting instructor or provide a berth on their sailboat, please contact Sandusky Junior Sailors. Over the past several years we have had club members provide accommodations for instructors and coaches who come to SSC from out of town. We are currently asking for donations, but would be happy to pay reasonable monthly rent as well. Feel free to contact me at 330-351-0283 or [jaustin6@kent.edu](mailto:jaustin6@kent.edu) with any questions or suggestions! Fair Winds.

## **Sandusky Junior Race Team .....Lori Coulter**

**Spaghetti Dinner and Fundraiser** - Well, It's almost here. The event you've all been waiting for. On Saturday, March 9, head to the club to support the Sandusky Junior Race Team at the annual Spaghetti Dinner and Fundraiser. Reverse raffle tickets for a grand prize of \$1,000, silent auction tables with incredible baskets, and catching up with friends while building excitement for the upcoming sailing season are just a few of the highlights. Please contact Becky Burger at 440-522-9044 to buy a raffle ticket or to donate items to the silent auction.

**Curling Camaraderie** - Just because the regular sailing season is still a couple of months away, it doesn't stop the team from getting together for some winter sporting fun. Many of the juniors and their families gathered at the Mayfield Country Club to lean the popular Canadian sport of curling. I'm not sure who was better, PC Eric Winkel or Comm. Sjoerd VanderHorst, but I would assume the juniors would argue that they were the best. Big thank you to Frank for setting this up and being our curling coach.

So, if you want to be a part of this amazing family, think about getting your children or grandchildren involved in the Learn to Sail or Junior Race Team program.

**Members of the SJRT enjoy wintertime activity at the Mayfield Country Club Curling Center.**

## For the Good of the Order

**Interlake Nationals 2013-** Save the dates July 17-21. SSC will host the Interlake Sailing Class Association's 2013 National Championships. Racing will begin with the Women's and Junior Races on Wednesday, July 17. Championship and Challenger Fleet racing will start on Thursday morning and continue through Sunday morning, July 21.

This will be a special year for SSC as PC Brad Huntley is serving as the ISCA's national president, PC Fritz Everson is class vice president and our own Jim Ward is the returning 2012 ISCA champion. We are hoping for record participation from SSC members and skippers from the region and beyond.

In order to continue SSC's tradition of providing first class racing and fun for our members and guests, the organizing committee is asking your assistance. We will need volunteers to help solicit sponsors, market the event, work with our on-site caterers, galley crews, sail and hull measurement, and skipper support boats, Race Committee support, lodging for race officials/racing crews, traffic control, cleanup, etc.

If you can help in any way, please contact Regatta Chair Bernie Ashyk by phone @ 419-433-6387 or email [BernsterA@aol.com](mailto:BernsterA@aol.com). Bernie will put you in touch with one of the committee members.

After the fun during this week, we will be ready to help Comm. Sjoerd with the Thistle Nationals at SSC Aug. 3-9.

**Many awards/trophies were not picked up** at the Fall Banquet. These awards are now at the Dairy Bar and may be picked up any time the Dairy Bar is open. Thanks, Don Guy.

# Micro-brew & Gear Swap Party

## Saturday, April 20th at 6:00 p.m.

This is your chance to sample some great micro-brewed beers and make money at the same time.

The beer part of the party...  
Sumptuous sandwich platters will be served from the galley and craft beers can be purchased for \$2.00 at the dairy bar (we'll have our regular beers available also).

The swap part of the party....  
Bring the winches, jam cleats, spare dock lines, clutches, ground tackle, spinnaker poles, etc., that you have lying around your home and don't use anymore. Turn your junk into \$\$\$ or maybe swap it. Tag it with your name and a price and see what happens.

See you at the Club!

## Great Lakes Basic Marine Weather Seminar Saturday April 13, 2013

### Overview

Learn a little meteorology and reduce some of the uncertainty of boating on the Great Lakes. An enhanced understanding of basic weather principles and a few simple forecasting skills can improve cruise planning, racing performance and reduce the likelihood of being exposed to uncomfortable or hazardous weather conditions.

The Basic Marine Weather Seminar will provide attendees with an understanding of basic meteorological principles and explore the conditions favoring the development of severe weather. Graphics and case studies of actual weather events will be used to focus on the interesting and unique forecasting challenges associated with the Great Lakes. Attendees will also develop a basic daily forecasting resource kit based upon readily available government and university websites.

### Seminar Outline

- Section One: Introduction
- Section Two: A Solid Foundation (Basic Meteorological Principles)
- Section Three: Interpreting Weather Graphics
- Section Four: The Invisible Forces Controlling the Wind
- Section Five: Clouds And Precipitation
- Section Six: Dissecting A Low Pressure System
- Section Seven: Observational Tools (Radar & Satellite Imagery)
- Section Eight: Thunderstorms
- Section Nine: Waves
- Section Ten: A Daily Forecast Routine
- Section Eleven: On-board Resources
