## Message from the Commodore...Wes Blazer

Summer is upon us. We have three Wednesday Night Races under our belt. Unfortunately, two have been rained out. Also, the Interlake Sunday Series is in full swing. If you're a SSC member and your boat stays tied to the dock on race nights, you don't know what you're missing: The beauty of the skyline, the sunsets, and the camaraderie. It's the best way to get better as a sailor, and it's the reason our entire club exists!

**Dairy Bartenders** - I would like to thank all of the members of the Bar Committee who have really stepped up over the last couple of weeks. Your hard work and dedication is not going unnoticed. We are a volunteer club and, as always, we are looking for more bartenders. If you would like to bartend for an evening please reach out to us! It's a good time and a fun team.

**Our Memorial Day Pot Luck** went well. I would like to thank PC Monty Kaufman for putting together a beautiful ceremony.

**Parking lot - Attention:** Over the next few days the parking lot is going to be resealed. Please follow all guidelines posted at the club and emailed to you as the project goes on.

**I hope to see lots of activity around the club** and good luck around the buoys. If you have any questions regarding SSC operations please feel free to ask. I can be reached at [weatherlyboatworks@gmail.com](mailto:weatherlyboatworks@gmail.com)

## Sandusky Vice ..... VC Hank Boissoneault

Fresh off of our Memorial Day celebration and it's finally feeling like summer. It always amazes me the turn out to our very important "Blessing of the Fleet and Memorial Day Celebration." Remembering those who have gone before us is an emotional experience and a nice chance to reflect on our past and present relationships. It reinforces to me how special our club is. With food and fellowship and a few drinks by some, it was a memorable day to say the least. Thank you to PC Monty and Suzie Kaufman and John and Marsha Gordino for officiating the event. A huge shout out to RC Jason and Art for their talents on the grill and all those who brought dishes for our consumption. I wanted to also thank Kim Thomas and

The entire 2022 Bridge of the Sandusky Yacht Club is helping us run One-Design Centerboard Races on Sunday mornings. Left to right: Dru Meredith, Commodore; Andy Sausser, Vice Commodore; Vern Brant, Rear Commodore

her husband for volunteering behind the dairy bar. It was nice to meet them. It was a fun day.

**Dairy Bar committee** - I wanted to take a moment to thank the dairy bar committee. From cleaning to organizing to stocking and manning the Dairy Bar, the work is not going unnoticed. There are people stepping up into roles as volunteers that are invaluable. The Dairy Bar is often the meeting place before, during and after events at the club and is often the lifeline to the club.

**Moving into June**, the club grounds continue to have left-over projects completed. Once the water was turned on, a leak was found by one of the hoists. Firelands Plumbing is correcting this issue for us promptly. The dock boards have all been replaced and the lighting issues continue to be addressed and improved. This coming week we are moving into seal coating and striping of the parking lot. It's hard to offer warning to the members because it's so weather related. Once it's done it will be worth the inconvenience for a day or two.

**As always, should you see a project that needs attention**, please let me know. We'll make every effort to get it corrected ASAP. I am always open for suggestions and hope to make the club a great experience for all. Call me at 419-357-1044 or email [ViceCommodore@SanduskySailingClub.com](mailto:ViceCommodore@SanduskySailingClub.com). Thank you. VC Hank Boissoneault.

**View from the Rear ..... RC Jason Huffman**

**New Member Steak Fry** - Thanks to all of those who were a part of the New Member Steak Fry. Hopefully everyone who was able to attend took the opportunity to say hello to a new member and had a great time.

**Calling all bartenders** - As we move forward into the summer months we look forward to expanded club activity and regular hours for the Dairy Bar. In order to do this we need your help. We are currently looking for volunteers for Wednesday, Friday, and Saturday evenings, and Sunday mornings. If you have a specific day you are willing to volunteer for or you are able to provide a couple of hours one day a month, it will allow the club to provide services throughout the summer. You will also help establish and build on the relationships that make this club so unique.

**If you have a party idea** and would be willing to host an event, I would appreciate the help and enthusiasm as we move through the sailing season. Please contact me at 614-940-1565 or [Huffman,jason@gmail.com](mailto:Huffman,jason@gmail.com).

**Sadler Sailing Basin Committee....PC Jim Ziss**

This has been a busy month at the Sailing Club. Our club is looking better and better.

**C dock** - PC Mike Fishbaugh and company has finished C dock and is ready for occupancy.

**There are sets of fender boards** cut to fit different docks available to purchase and install.

**Weather station** - Russ Krock has installed the weather station on Springer's Wharf. He has the embedded URL available from the weather station to put on the website: The App is Davis Weatherlink – set up a free account, then use the map or search to find the SSC station.

Web access is [www.weatherlink.com](http://www.weatherlink.com) using the same login.

**The asphalt repair project** started May 16 with the repair and replacement of the broken asphalt patches. The next step will be tarring cracks and seal coating the entire surface. Notification will be sent out when this will start. When the surface is seal coated, no one should drive on the surface for 24 hours. The main gate will be barricaded but the other gate to the gravel area will be open. The last step will be restriping with white paint.

**Tuesday, June 7:** The asphalt surface will be restriped with white paint.

It is recommended that during the cleaning and tarring give the workers as much room as possible.

After the asphalt is seal coated DO NOT DRIVE on the surface for 24 hours.

The striping is done with fast drying paint and can be driven on soon after.

**West wall repairs** - PC Pete Grant is getting more proposals for the repair of the west wall.

**And last but not least** - Art Averell has been busy dealing with contractors on the phone and at the club. Thanks, Art!

**If you see anything that needs attention at the Club**, contact me at [jimziss@gmail.com](mailto:jimziss@gmail.com)

**Sandusky Junior Sailors, Inc...Suzanne Hartley/ Mic Kaufman / Michelle Gilboy**

The 2022 sailing season is off to a great start.

**Our first class is underway for June 6-10** and will be a half day Learn to Sail and half day Safe Boating/Kayaking.

**Learn to Sail classes** - Traditional half day and full day Learn to Sail classes start June 13. There are still spaces available in the Learn to Sail programs.

**Advanced camp** is filling up. Remember you must have the approval of the on-water director to take this class. If you are interested in Advanced sailing for your youth sailor, please contact us soon for permission to register.

**Race team has started practicing.** Their first regatta was June 4 in Columbus. Good luck to the returning Opti sailors, the new members of the team and the sailors that have moved up to the Laser fleet. It's going to be a great season.

**Boats are in. Sails are on. Time to hit the bay!** If you replaced your sails for this season, please consider donating your old sails to our program. Through a partnership with Sea Bags, we are able to turn in sails for credit to purchase bags for a fundraiser for our program. Thank you in advance for your support.

### Communications Committee.....PC Matt Bedee

**Communication w/ Membership** - If you want to have an event added to the calendar, information sent to the membership via email, or a message sent via Remind, please send to [webmaster@sanduskysailingclub.com](mailto:webmaster@sanduskysailingclub.com). This will get it to the right people to get it done. Sending it to one person will delay getting it posted or risk not getting it posted at all. Make sure to include what you want to be said, any graphics, etc. Those who get the email will copy exactly what your correspondence said to make the posts or Calendar Event, so make sure to spell check.

**Remind** - If you have not signed up to get messages via Remind, please text @sailsand to 81010 to get Remind Announcements. Remind is used to get last minute announcements out to members and currently we have about 170 users on Remind. You can download Remind for Android and Apple devices, then set up an account if don't have one.

### For the Good of the Order

**The annual LIGHTHOUSE INSPECTION TOUR** will be on Saturday, June 25, this year.

The later date allows more cruisers an opportunity to get their boats in the water and ready to sail. We will leave the dock at 1:30, cruise through the bay toward the Sandusky Pierhead Light, sail to Marblehead Lighthouse and return for an evening meal in the shelter. Bring your own food and drinks for dinner.

**Somehow Wiggins made it to 50** without falling off any boats! If you are around the club on Sunday June 12th between 12 and 4, come up to the pavilion to celebrate or just say hi! There will be food, homemade wines and possibly some homebrew. The dairy bar should be open for a while as well if you would rather purchase something else to drink.

**The Golden Rule** - PC Skip Oliver will be presenting a program on the Veterans For Peace sailing vessel, **Golden Rule**, at the Lakeside Chautauqua on June 24 at 10:30am.

It's true, Vets For Peace has recovered and rebuilt the original peace ship, the **Golden Rule**, that set sail in 1958 to stop nuclear weapons tests in the Marshall Islands, and inspired the many peace vessels that came after. Skip has crewed on the boat and helped with the rebuild.

The reborn **Golden Rule** is now sailing once more, to show that nuclear abolition is possible, and that bravery and tenacity can overcome the scourge of war.

The plan is for the feisty little ketch to be trucked across the country to Minneapolis this year, and to begin an extended voyage around the eastern USA's Great Nautical Loop.

Contact PC Skip Oliver for more information.

**Note:** Entry to Lakeside is pricey - north of \$40 for a day pass and parking for one person. That seems like a lot to Skip, but he's old.

**Friday Nights** - It's no secret that Friday Nights at SSC are a good time all year long. It has been a combination of effort between the SSC Board and most importantly, our members. To keep the momentum going and to bring some variety to Friday Night meals, PC Matt Bedee would like to train several members to make pizzas as his availability on Friday nights is changing dramatically. If you are interested in learning how to do the pizzas, please contact PC Bedee at [mbedee@outlook.com](mailto:mbedee@outlook.com) to schedule a Friday night to learn.

The plan has always been that we have food on Friday nights, but it doesn't have to be pizzas. Several members made Friday night meals in 2021 and we want to grow that by creating a schedule to allow members to plan. SSC will reimburse all expenses for the food or you can shop at GFS, with the plan to have meal costs between \$5-10/person. On a Friday night during the season we could have 50-60 members/guests and in the offseason we are around 20-30 members/guests. If you are interested in making a Friday night meal, please email [sscboard@sanduskysailingclub.com](mailto:sscboard@sanduskysailingclub.com).

## **An Open Letter to The Sandusky Sailing Club Concerning Judy B. Muhn's Celebration of Life Party**

Bob, Bill and myself are so very appreciative of everyone who stopped by at Judy's Celebration of Life Party and expressed their feelings about Judy to us. The crowd was overwhelming.

There are so many people who should be personally thanked for various contributions to the gathering, but unfortunately, I simply do not have a list of names. That being said, I certainly know who was responsible for the food – Past Commodore Andy and his bride Cinda Davis. Andy assured me that the smoked pulled pork and chicken would be good. That was an understatement. It was simply outstanding! The boys and I received many compliments concerning the smoked meats.

Amy Sausser was responsible for the recruitment of the Sunday Morning Girls Club gals, and others, who provided the vast assortment of desserts. It was impossible not to find something that would satisfy your sweet tooth. Thank you, Amy and thanks to all who contributed!

And then there is Interlake Fleet Number One. As various events unfolded during the past 22 months, I have been able to more or less keep my composure. However, when Fleet Captain Bernie Ashyk directed my attention to a new chair on the front porch with a plaque commemorating Judy's memory, I came very close to "really losing it". Thank you Interlakers! Hopefully it will not take too long before I regain enough composure to actually sit in it!

For all but the first year and a half of our 50-year marriage, SSC has been the second home of our family. As you may have seen in the video presentation, there was a series of pictures taken in 1980, the year Judy and I served SSC as Commodore. One picture showed Judy carrying in a "snuggly" a 3-month-old baby. That baby was Bob and we were at a party celebrating the near completion of our present-day clubhouse, building the fireplace.

Physical structures, while needed, certainly are not the essence of a successful organization. It's the spirit of the members who share and believe in common principles that make a club "tick". In SSC's case the foundation exhibited over and over throughout the years has been volunteerism along with respecting fellow sailors and the elements. The members of SSC certainly once again illustrated those principles, not only to non-member locals of our community, but to family and friends of the Muhns who came as far away as Florida from the south, Maine from the east and Missouri & Iowa from the west.

Thank you SSC for making Judy's Celebration of Life a day that the Muhns will not forget.

Mike Muhn, P.C. '80

- 12.1 When Code Flag "L" is displayed, all boats racing are required to sail past the transom of the RC signal boat and supply their boat name, sail numbers and class to be raced.
- 12.2 A boat that retires from the race shall notify the race committee as soon as possible.

### 13 RADIO COMMUNICATION

- 13.1 Except in an emergency, a boat shall neither make wireless transmissions while racing nor receive wireless communications not freely available to all boats. This restriction also applies to mobile telephones.
- 13.2 Except for emergencies, communications with the race committee shall not be initiated during any starting sequence.
- 13.3 SSC RC boats use VHF channels 68 and/or 72 for race communications.
- 13.4 Race committee boats will monitor channel 16, as required by FCC rules, whenever not actively communicating on another channel.

### 14 DISCLAIMER OF LIABILITY

Competitors participate in the series entirely at their own risk. See RRS Rule 3 "Decision to Race". The Sandusky Sailing Club will not accept any liability for material damage or personal injury or death sustained in conjunction with or prior to, during, or after the races within this series.
