### Message from Comm BlutarSKI ..... Commodore Andy Davis

*Good day to everyone.* I hope this finds you well and healthy, as we have much sailing to do this summer. Please take the time to review my comments below as there are some important data points everyone should be aware of.

*Craft Beer Tasting was fantastic* - I want to thank PC Mark and Pamela Gross, as well as Michelle Gilboy and the entire Juniors group for a GREAT Craft Beer Tasting last Friday. There was a great crowd, and fun was had by all. For those who know me, I generally do not like beer, but Mark suggested a few I might like, and YES, I am being transformed. Thanks again to everyone.

**SPRING  
WORKDAY  
2021**

Commodore. I understand there might be video available for the right price. That mixed with PC Matt's now famous pizzas and Deanne's perfect pours made for a memorable evening.

On April 16 we were without Matt, so we ordered the next best thing, Cameo pizzas. It was a pretty quiet evening as we saved our energy for workday the following morning.

**Workday started off with coffee and donuts** and great fellowship as we discussed the club's exciting momentum. Upon adjourning the meeting, work proceeded by the greatest number of volunteers I have seen in years. It was amazing the transformation that took place within a few hours. Thank you to all who took the time to make our club beautiful again.

**Craft Beer tasting** - On April 24 PC Mark and Pamela Gross along with the Junior Sailing program had a Craft Beer Tasting fundraiser that was a great success. Putting our four main taste sensations to the test, the smell, taste, touch and experience of the craft beers was enjoyed by many. Once again when the Junior program asked for support, the members of the club stepped up and created a fun evening.

**As we enter into May**, we will continue to have Fireside Fridays. Hopefully we'll move many of the activities towards the outdoors where we can enjoy by many new Adirondack chairs. With the work on the docks and the addition of cooking equipment and the comfortable seating near the clubhouse, we hope this will be the place to come and get away from the daily routines of life.

**Dairy Bar hours** - Starting on Wednesday May 19, we will begin to open the dairy bar for select hours as we enter into the sailing season. The bar will remain open on Wednesdays for the remainder of the sailing season. In addition, we are bringing back Wednesday night burgers. A list of volunteers should be going out to all the fleets. If you are able to help us out, please contact me for available dates.

**Annual Awards Banquet** - As we start to fill up the marina, one of our main activities this month will be the annual Awards Banquet. This is to recognize the many volunteers who make the club so special. It's also a chance to recognize some of the best sailing Lake Erie has to offer. According to Past Commodore Matt Bedee, it will be a casual steak fry held right at the club. I hope you will all come and join us for another great event.

**If you have a party idea** and would be willing to host an event, I would appreciate the help and enthusiasm as we move into spring. RC Hank Boissoneault 419-357-1044 or [RearCommodore@SanduskySailingClub.com](mailto:RearCommodore@SanduskySailingClub.com)

## **Sadler Basin Committee .....Karl VanderHorst .....PC Matt Bedee**

**The basin is ready for business.** Springers Wharf is repaired and the docks are in the water. We will still be using the plastic piping for water, since old pipes are still leaking under the concrete. However, the water is turned on and ready.

The hoists, which were stored for the winter, sent out to be certified and repaired if needed, are now back in place.

PC Matt Bedee has drawn up plans for dock boards. These will be the only acceptable dock boards. Copies of the

drawings are below and will be on the board in the clubhouse. They can be sent to you via email upon request.

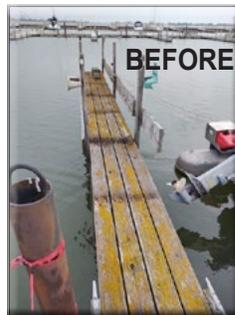

**Below are some updates** as we are getting within days of the 2021 season starting. Some updates will apply to all berth holders and some will apply to specific dock/dry storage locations.

**Springer's Wharf** - See Dock Modification section below regarding adding batter boards to your dock and other dock modifications.

**A-Dock** - All of the wood has been replaced on A-Dock main pier, additional cleats have been installed on the main pier structure, and the end metal float that has been pulling down the end of A-Dock over the last couple years was replaced. Over the next two or so years the metal tank docks will be replaced with new docks. As that process moves forward, see the Dock Modification section below regarding batter boards being attached to the new docks as they are replaced.

**B-Dock** - The deck boards and verticals replacement will be completed over the next couple weeks. Additional cleats will also be installed as part of this upgrade project to provide three cleats per boat, removing the requirement to share

**great job your Sadler Basin Committee has done.**

two cleats. As the board replacement progresses, there may be times when boats will need to be moved out of the well temporarily to get the work done.

A survey was done this spring; the age and condition of the current batter boards are a safety concern. All batter boards will be removed when the vertical posts are replaced and disposed of as most are legacy batter boards from years ago. If you would like to reinstall batter boards, see the Dock Modification section below for the process to get Sadler Basin Committee approval before making modifications.

**C-Dock** - Once A-Dock's dock replacement has been completed, plans for modifications/upgrades will be developed for C-Dock to increase dock length and to replace the 30 foot docks on B-Dock as part of that upgrade. See Dock Modification section below regarding adding batter boards and other dock modifications.

**Dry Storage** is only for those members who have paid for a dry storage space for the season. Trailer storage is not allowed in this area once a boat has been put in the water without

## Horizontal Fender Dock Boards

Sadler Basin Committee is offering two option kits for the fender dock boards. In both options, the dock holder will mark the board height (see diagram). To assemble the fender board, use the holes in the horizontal board as a template, mark the four bolt locations on the existing 3x3 verticals and drill the holes. Last, insert the bolts with the bolt head on the boat side - washers and nuts on the dock side. Tighten from the dock side.

**Option 1 kit** is a single 2x that has four holes drilled and countersunk for bolt connection assembly.

**Option 2 kit** is an assembly of two horizontal 2x's and a cap on top. The mounting is the same as option 1.

If you have trouble, please seek out Sadler Basin Committee member Art Averell for help. Art's boat is on C Dock.

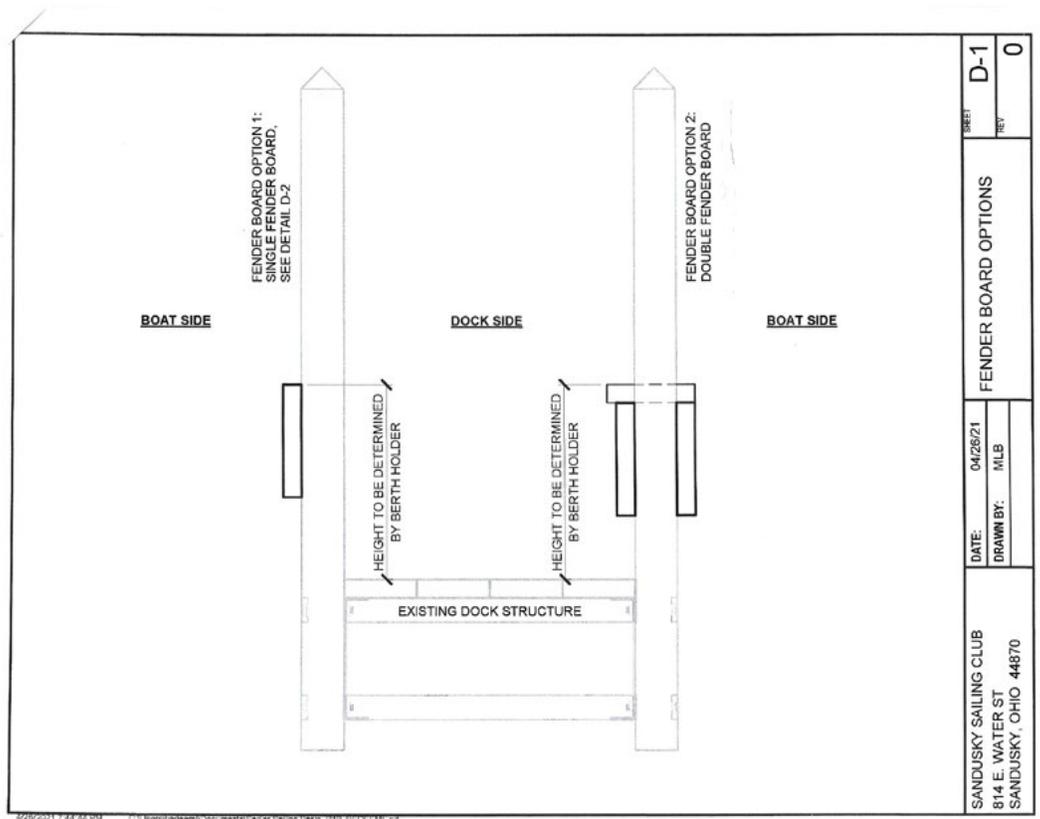

Pricing for the kits is yet to be determined. We are taking orders now.

paying for a dry storage space. No member assets may remain in the dry storage areas between Nov. 1 and April 30. Boats on trailers that belong in the dry storage areas are to be kept in the designated areas and not in the parking lot.

**Dock modifications** - Over the years, dock modifications have occurred, many without approval from the Sadler Basin Committee. With the investment that Sadler is making, the Committee feels that adhering to this Marina Rule will protect the club's investment along with the safety of its members. Per the Sadler Sailing Basin Marina Rules, any changes to docks or maintenance beyond basic upkeep require the approval of the Sadler Basin Committee. The club's investing in dock maintenance/replacement over the last couple years and over the next 5+ years, it's important that we adhere to the Dock Maintenance Rule that has been in place. This specifically applies to batter boards being attached to the dock verticals. At the April Sadler Basin Committee meeting, it was discussed that there would be two versions that members could request approval for – a single board and a double board with a top step board.

Please send an email to [SadlerBoard@SanduskySailingClub.com](mailto:SadlerBoard@SanduskySailingClub.com) with any dock modification requests or to report boards that need to be replaced on your dock. Sadler Basin Committee Meetings are at SSC on the first Monday of each month at 7pm. You can present your request in person if you would like.

As always, we welcome suggestions from the SSC family of sailors. The Sadler Basin Committee can be contacted via email at [SadlerBoard@sanduskysailingclub.com](mailto:SadlerBoard@sanduskysailingclub.com)

Vita is also selling \$10 tickets for a chance to win a Bi-Plane Decanter. Only 100 tickets will be sold. The more tickets you buy the better your chances to win! Thank you to Vita for all you do!

**May 22 will be the Launch Party** at Sandusky Yacht Club 1:00-4:00pm. The simulators will be there along with SJSI staff. This is a chance to mingle with our friends at the Yacht Club and forge new relationships. The Yacht Club will provide the food!

**Have you donated your old sails to SJSI?** Go to our web site to see what we did with them! Haven't donated your old sails? There is still time to donate your old sails and clean out that garage! Contact Michelle Gilbo to make arrangements at 419-871-8080 or [michelle@sailsandusky.org](mailto:michelle@sailsandusky.org).

**Adaptive Sailing is up and running this year.** COVID shut the program down last year but this year we are back and have added additional sessions on Friday mornings. We are always looking for volunteers to help with our adaptive program. Sessions are Mondays 5-8pm and Fridays 10am-12pm. The exact dates of the adaptive sessions can be found on the SJSI calendar located on our website ([sailsandusky.org](http://sailsandusky.org)). Please let us know if you are available to volunteer for any of these sessions. We would love to have you.

**We had very strict COVID policies in 2020** resulting in not one reported case of COVID in our program. All COVID policies and procedures are still in place to run a safe 2021 season.

**Thanks to all of you who have supported SJSI programs** with your donations. We could not run these programs without your support.

**SJSI wishes everyone smooth sailing in 2021!**

## RC Boats ..... Terry Parker

As I write this, a small (by design) group of us are getting the boats shipshape to be moved out of the storage building, so that we can address the bottom prep and painting. Gary Thomas will see to the routine inspection and maintenance of the motors, and we will be ready for launch. **Escort I** and the **Grady-White** will be first in, followed by **Escort III** in anticipation of some larger events requiring more RC assets. I will be sending email blasts (some on fairly short notice) when help is needed. Thanks for volunteering!

**BTW, give consideration to joining the Race Committee.**

If we are to return to the pattern of two race courses on Wednesday evenings, as opposed to using fixed marks, it's no mystery that it takes more people to set them up and run them. RC is a learning/serving experience from the best seats in the house! You get to be out on the water with some great people - good camaraderie and a valuable and NEEDED contribution to the continuation of our fine racing program.
